The term of works submission – Nov 1<sup>st</sup>- March 22<sup>nd</sup> 2019

**Purpose:**

The festival is brought to life by the International Children's Friendship Festival committee of Turkish American Cultural Association of Washington (TACAWA).

Festival strives to help children around the world overcome their differences and unite in peace and harmony through fostering cultural exchange and friendship.

**International Children's Friendship Festival** is an event that is run by children and features performances by the children, highlighting their ethnic heritages. Various different nationalities are represented through music, ballet and folk dances. The children celebrate their international friendship through experiencing the rich tapestry of the world's cultures.

It has been 3 years we also include visual arts to our program to communicate our message even further. During the festival, kids can share their artistic talents with other kids (in other words "with their friends") the art show case will be open to public during the festival hours and be presented on stage screen as well.

We would also like public to vote on **best in show** in all art categories.

## THIS YEAR'S THEME:
